Dazm is a house music DJ based in Chicago, Illinois. He gets people moving and keeps them there, curating a vibe rather than running through a setlist. He flows through multiple house genres effortlessly, so a set stays interesting and a dancefloor stays engaged.

Before Chicago, Dazm spent some time in Minneapolis, where he opened for SIDEPIECE at The Fillmore Minneapolis, Partiboi69 at the North Loop Block Party, and played after parties for Steve Aoki and Subtronics at North Loop Studio. Prominent house promoters there book him; SIMshows, Dance Agenda and Backyard Boombox among them.
